Location

The Newby Ranch is located in Edwards County, about 45 minutes from Rockspings and Sonora, Texas. The lease portion is 11,500 acres with numerous hills and draws.

The topography is highly variable with steep cliffs in the hills to flatter terrain along draws.

Hunting

Hunting opportunities include White-tailed deer, Axis, Aoudad, Javelina, Hogs, and Rio Grande Turkey.

Other Recreation

While you are at the ranch take time to visit the Bat Cave. Approximately 2 million bats emerge each evening from May to October.

Birding, hiking, photography or just plain relaxing are other activities.

The ranch has begun efforts to improve habitat for quail, dove and the Texas Horned Lizard.
